The river that runs through Interland flows with fact and fiction. But things are not always what they seem. To cross the rapids, use your best judgement and don't fall for the antics of the phisher lurking in these waters.

**Complete Interland Reality River game and then answer the questions below. Share your answers on Teams during 'Friday Feedback'.**

1. How did you know if something in the game was real or fake? What were the signs?
2. What is a phisher? What does it do and how does it affect the game?
3. Which clues in the game hinted that something was strange about certain situations?
4. Do you think that playing this game will help you be safer online in the future?
5. Now that you've played this game, what's one thing you might do differently when you're online in future?
6. What should you do if you're unsure or worried about something you come across online?
