

# P3 Home Learning - Week 7 - w.c.01.06.20

<p><b>Spelling this week</b> Spelling words this week are 'ule' words: <b>rule, yule, mule, ampule, ridicule, module, schedule, overrule, vestibule, miniscule.</b> Practice writing these over the week in different ways using the spelling sheet in your pack and do the Sumdog spelling challenge.</p>	<p><b>Literacy/HWB</b> Keep a daily diary documenting how you are feeling and why and also how you are getting on with your home learning <b>or</b> you can document your adventures with flat Mrs Love. What were you doing each day? What did you enjoy doing most? What would you like to do next?</p>	<p><b>Literacy</b> I would like you to write a procedure piece of writing, like the 'How to make shortbread' that we wrote in school. Can you write a procedure for a recipe/activity that you have enjoyed doing at home? Remember that you need a: Title, Goal (To make...), Materials (List) and clear steps using sentence openers (1. First, ...).</p>	<p>Bonjour ma classe.</p> <p>I cannot believe we are into the first week of June already! I hope you had a lovely weekend and are enjoying having Flat Mrs Love with you at home. Remember to share your adventures with flat Mrs Love on Twitter using the hashtag - #FlatMrsLoveOnTour, or email me the photos directly. I can't wait to see what else I get up to with you all!</p> <p>Here is the learning grid for week 7. This week has a strong focus on Space and in particular the International Space Station after the successful launch of Space X on Saturday. It was very exciting! Please continue to check the blog daily for Maths work and extra activities and feel free to contact me via my email address:</p> <p><a href="mailto:angela.love@westlothian.org.uk">angela.love@westlothian.org.uk</a></p> <p>Twitter page: @MrsLoveP3</p> <p>Mrs Love</p>
<p><b>Reading</b> Mrs Love has set you a challenge on the Epic app – Download app then use code <b>rnc0467</b> to join the class, See the sheet in your pack for details to access. I have been watching what you have been reading on Epic. Well done to those who have been using it and completing the books/quizzes. We have read <b>almost</b> 800 books now as a class, which is awesome!</p>	<p><b>Health and Wellbeing – PE</b></p>  <p>I have attached this week's PE task on the blog alongside this grid. This week we will focus on Dance!</p>	<p><b>STEM</b> – This weekend marked the launch of the Space X rocket from America to the International Space Station. If you have not watched footage yet of the rocket, visit: <a href="https://www.bbc.co.uk/newsround/news/watch_newsround">https://www.bbc.co.uk/newsround/news/watch_newsround</a> where you can see the highlights. I have an activity for you to complete about the experiences of Tim Peake aboard the ISS. Tim Peake was the first ever British Astronaut on board who spent 186 days on the ISS until June 2016.</p>	
<p><b>Topic – Flight</b> I have assigned a new book on EPIC for you to look at, for our topic of Flight. It is called 'Exploring the International Space Station'. I would like you to create a poster about the ISS using the information you have gained from reading the book. What is the ISS? What is its purpose? Where is it?</p>	<p><b>Topic/Maths – Flight times</b> I have attached a worksheet for you to work through about timetables of flights and this will develop your understanding of time. Please look at the worksheets posted on the blog along with this grid. Look out for patterns of previous times when answering the timetable questions.</p>	<p><b>ICT– How computer games work.</b> You enjoy playing computer games Primary 3 but have you ever thought how do they work? Watch the two videos on BBC bitesize 'How games work' and on 'Algorithms' at: <a href="https://www.bbc.co.uk/bitesize/articles/zv6ybdm">https://www.bbc.co.uk/bitesize/articles/zv6ybdm</a> Then complete the robot activity sheet that is posted on the blog post along with this grid.</p>
