Mixing Secondary Colours

We have
practiced
mixing lots
more colours!

Neutral Colours

We have learnt about neutral colours.

Mixing Tints

If we add white to a colour, we can make tints.
This makes a colour lighter.

Mixing Shades

If we add black to a colour, we can make shades.

This makes the colour darker.

Warm and Cool Colours

We have learnt about warm and cool colours.

Warm Colours

Red, orange, and yellow are warm colours. They make us think of sunny, warm and cosy things.

Cool Colours

Green, blue and purple are cool colours. They make us think of fresh, calm and chilly things.

Using Every Colour

Today we are going to use all the colours!

Wassily Kandinsky

Wassily Kandinsky was a Russian painter. Many people think he was the first abstract artist.

All about Wassily Kandinsky

(1866 - 1944)

Russian

Wassily Kandinsky was born in Russia, in 1866. When he grew up, he worked as a teacher at a university but it didn't make him happy.

When he was 30, he left his job and went to art school. He found art school easy and was very good at his studies.

Kandinsky thought a lot about what colours mean and how they make people feel. He believed that colours had a soul.

All about Wassily Kandinsky

(1866 - 1944)

Russian

He was the first painter to stop painting pictures of things and instead paint just using colours and shapes. He believed that this let him paint honestly about his feelings.

Often Kandinsky would listen to music while he painted and try to paint what he heard.

All the other painters we have found out about learned a lot from Kandinsky's ideas.

Kandinsky Circle Painting

You will need...

A3 painting template

Paint in lots of colours

Brushes

Water

A rag

1. Experiment with mixing colours together. Use white to make them lighter, and black to make them darker. Practice until you have lots of colours that you like.
2. In each square of your template, paint a dot. Use a different colour for each one.
3. Remember: Swish, wipe and blot!
4. Round each dot, paint a circle in a different colour.
5. Round each circle, paint an even bigger circle in a new colour.
6. Finally, fill in any white space you have left in each square in another colour.

What a good circle painting looks like...
