

# P3 Home Learning - Week 8 - w.c.08.06.20

<p><b>Spelling this week</b> Spelling words this week are 'air' words: <b>air, fair, hair, lair, pair, chair, dairy, unfair, repair, despair, aircraft, millionaire.</b> Practice writing these over the week in different ways using the spelling sheet in your pack and do the Sumdog spelling challenge.</p>	<p><b>Literacy/HWB</b> Keep a daily diary documenting how you are feeling and why and also how you are getting on with your home learning or you can document your adventures with flat Mrs Love. What were you doing today? What did you enjoy doing most? What would you like to do next? What are you missing/looking forward to?</p>	<p><b>Literacy – Fact or Fiction</b> - I have a fact (real) vs fiction (Imaginative) activity on the Saturn V rocket to complete. Then I would like you to create your own quiz with information you have researched that is fact or fiction about any subject you like and get someone in your family to answer the quiz. Then I want you to discuss with family if the books you have at home are fact/fiction.</p>
<p><b>Reading</b> Mrs Love has set you a challenge on the Epic app – Download app then use code <b>rnc0467</b> to join the class, See the sheet in your pack for details to access. I have been watching what you have been reading on Epic. Well done to those who have been using it and completing the books/quizzes. We have read <b>over 900</b> books now as a class, which is incredible!</p>	<p><b>Health and Wellbeing – PE</b></p>  <p>I have attached this week's PE task on the blog alongside this grid. This week we will focus on Basketball!</p>	<p><b>Science – Invertebrates</b>- Invertebrates are creatures that do not have a backbone and vertebrates do. Look at the PowerPoint which gives examples. I have also attached information cards on this week's blog which give interesting facts about invertebrates and vertebrates. I would like you to complete as many fact file sheets as you can about <b>invertebrates</b>. What is their habitat like? Characteristics? Interesting facts?</p>
<p><b>Topic – Flight</b> I have assigned a new book on EPIC for you to read for our topic of Flight. It is called 'Amazing Aircraft'. I would then like you to visit the National Museum of Flight: <a href="https://www.nms.ac.uk/explore-our-collections/stories/science-and-technology/concorde/">https://www.nms.ac.uk/explore-our-collections/stories/science-and-technology/concorde/</a> once you have read the book, create a poster about Concorde including facts you have read.</p>	<p><b>Art - Wassily Kandinsky</b> I have attached a PowerPoint about the artist Wassily Kandinsky. I would like you read through then write down the questions on slide 21, please answer each individual question explaining your thinking. Once you have answered all of the questions, I would like you to follow the instructions on slide 22 and create your own Kandinsky inspired artwork!</p>	<p><b>HWB – Local foods</b> Look at the seasonal Scottish food posters on the blog post. What foods can you get locally? Where do you get them from? Are you sure they are produced in Scotland? What do we need to eat to stay healthy? I would like you to create a poster about local food and what is available in the Summer season. Then I would like you to create a menu with seasonal foods that is healthy and balanced. Yum!</p>

Bonjour ma classe.

I hope you had a wonderful weekend. I had some amazing news at the weekend that you have now read over 900 EPIC! Books online! Wowzers! Here is the new badge...

Also, remember to share your adventures with flat Mrs Love on Twitter using the hashtag - #FlatMrsLoveOnTour, or email me the photos directly. I will be posting another collection of photos that I have received over the past few weeks so keep an eye out on the blog and twitter.

Here is the learning grid for week 8. Please continue to check the blog daily for Maths work and extra activities and feel free to contact me via my email address:
