

Our School Improvement Plan 2015-16

Priority 1: Our teachers will follow our learning and achievements to help us be the best we can be.

Priority 2: We will improve our learning in number and mental maths.

In our school this will look like:

- teachers leaving comments in our jotters.
- sharing achievements through iAchieve and achievement assemblies.
- assessments to see how good we are in our levels.
- all staff supporting us with our learning.

In our school this will sound like:

- conversations with all staff about our learning.
- talking confidently about our learning.
- all staff encouraging us to be the best we can be.
- our teachers talking to our parents about our learning.
- discussing learning with our partners.
- setting targets for our learning.
- knowing our levels.
- talking about our next steps.

In our school this will feel like:

- we have tried our hardest.
- we have achieved our goals.
- we are ready for our next steps.

In our school this will look like:

- active maths,
- textbooks.
- Netbooks, SumDog, Primary Games and using the SMARTBoard.
- resources.
- different ways of learning.
- real life tips.
- useful comments in our jotters.
- being challenged in our learning.

In our school this will sound like:

- teachers using learning intentions and success criteria.
- staff and pupils explaining strategies.
- trying different methods of learning.
- children enjoying maths.

In our school this will feel like:

- not giving up.
- being confident in number.
- giving 100% effort.
- staff being supportive.
- our maths will improve.
