

Mid Calder School Priorities 2016/2017

This session it is intended to build upon the previous good work carried out by the staff of Mid Calder Primary. The priorities for this session are a result of the work carried out last year and by feedback during the self – evaluation process of all stakeholders at the end of the last school year.

The priorities are: -

1. To develop consistent high quality learning and teaching approaches which ensure equity and high aspirations which improve outcomes and promotes the well-being for all
2. To raise attainment and ensure equity in literacy and English through improved learning and teaching of reading and spelling.

Additional tasks

- Further embed the principles of Building the Ambition with a particular focus on promoting curiosity, creativity and inquiry in the nursery
- Embed learning and teaching approaches in maths and numeracy
- Implement the School, Family and Community Partnership pilot project
- Continue to embed 1+2 agenda by ensuring progressive learning in French across the school

Flu Vaccinations

The children's flu vaccine is offered as a yearly nasal spray to young children to protect them against flu.

Letters were sent home recently, we would be grateful if these could be returned before Friday 16th Sept. Thank you.

I Pay

School lunches cost £1.97 daily and therefore I am proposing this 3p is credited to their account rather than bring the 3p home. Paying online with 'I pay' is working very well – why don't you give it a try!
