

PS Winter Ready

Literacy

- Snuggle up warm and read a good book to celebrate World Book Day. You can find lots of activities linked to World Book Day [here](#). You could also create a quiz about your favourite book using Glow Forms.
- Add some food colouring to a bottle of water and practice writing your spelling words in the snow.
- Play Toss A Word with a family member and a snowball.
- Imagine that Gamba has arrived in Scotland this week. What do you think he would have got up to in this weather? You could create a short story or a comic strip about his adventures.
- On Tuesday we looked at an example of diary entry. Can you write a diary entry about how you spent one of your snow days?

Numeracy

- Take part in the Primary 3 Snow Days competition on Sumdog.
- Build some 3D shapes in the snow. Can you name them and describe their properties?
- practice your number facts to 20 and counting forwards and backwards in 2, 3, 4, 5 and 10s.

IDL- The Rotten Romans

- Continue your research into life in Roman times. Use your research skills to find out what food they ate, what clothes they wore, what they did for entertainment and what their homes were like.

- Take part in the #STEMGlasgow challenge and build a freestanding structure in the snow. You can tweet your pictures to @MidCalder_PS

Snow Structures

Igloo's are cleverly engineered and are made from only snow. Can you create your own freestanding structure out of snow?
