

# Well Done

Here is a song especially for Friday. I hope it makes you smile!

<https://www.bbc.co.uk/cbeebies/watch/presenters-daysoftheweekfriday?collection=days-of-the-week>

## Literacy

- **Listening and Talking**

Look at the Challenge Cards and choose three different things to talk about. Remember to take turns to talk and to listen.

## Numeracy

- **Sumdog**

Login to Sumdog and choose Maths. Try to spend 15 to 20 minutes on this. OR

If you have a pack of cards at home you could try this game:

- **Addition Game**

**No. of Players:** 2

**Cards Required:** Deck of cards. Face cards removed. Ace worth 1.

**Instructions:**

- 1) Players split a deck of cards and simultaneously flip over their top two cards each.
- 2) The player with the highest addition calculation wins all four cards.
- 3) If the cards have the same value, the cards are placed in a centre pile.
- 4) The next hand is played normally and the winner of that game takes the centre pile **as well**.

## HWB

Usually we finish our week with Fun Friday. Here are some ideas for you to choose from:

- Take part in a Cosmic Kids Yoga of your choice  
<https://www.youtube.com/user/CosmicKidsYoga>
- Play a game with someone in your family. Maybe you could play a board game, play a card game, play dominoes etc. Take turns and have fun!
- Colouring – Lots of children in P1/2 love to draw and colour during Fun Friday time. Here is a link for pictures to colour, or to give you some ideas for drawing your own pictures. Perhaps you have your own colouring book. Choose something you would like to do and maybe your grown up would even like to join in too!
