Dotty Six

Here's a game to play with a friend, a 3 by 3 grid and a six sided dice.

Take turns to throw a dice, then draw that many dots in one of the boxes on the grid. You can't split them up and a box can't have more than six dots in.

The person who completes a line of three sixes wins!

Spring

Spring is a very busy time for birds. Have you noticed any birds being very busy in your garden recently? What were they doing?

Do you know the names of any of the birds you see?

Here is a website for you to explore.

<https://www.rspb.org.uk/fun-and-learning/for-kids/facts-about-nature/facts-about-birds/>

Choose a bird that you would like to learn more about – watch the video, listen to its song and read the interesting facts.

Scroll down further, and there's even a picture for you to print out and colour, or you can just use the picture to help you draw your own bird in your jotter.

Keep a look out for these birds. I wonder if you will spot any?
