

# Literacy

## • Reading

1. I have set a Reading challenge on Sumdog which opens today, and finishes at noon next Friday 15<sup>th</sup> May. Try to do a little each day. Good Luck!
2. Log in to Oxford Owl using the details that were sent out to you. Choose one of these books to read independently.

No Tricks Gran (page 3)

Jam Tarts (page 2)

Complete the sentences on page 18 in your jotter.

Sound Blending 1 and/or Big Bad Bug (page 1)

A Monster Mistake (page 3)

## You should

- listen to the audio reading
- read the book by yourself
- complete the interactive activities (if there are any)
- talk about the questions inside the book covers. If you've chosen Jam Tarts please copy and complete the sentences on page 18 in your jotter.

- **Phonics**

Today we will look at the **oy** sound. What has Geraldine the Giraffe found today?

<https://www.youtube.com/watch?v=aodJQr-WJLk>

Play the Roll and Read game. How quickly can you cross off all the words?

**boy toy joy enjoy royal**

In your jotter, carefully write out each of your spelling words. Remember to join the two letters **o** and **y**. Think about how and where the letters sit on a line. Write a sentence using at least one of the words and draw a detailed picture to illustrate it.

## Numeracy

- **Sumdog**

Login to Sumdog (Maths). I have set a challenge for Maths too. It opens today and closes at noon on Friday 15<sup>th</sup> May. Try to do a little each day. Good Luck!

- **Game**

### Place Value game

(A game to play indoors or outdoors)

Line up two containers side by side about a ruler's width apart. The first container (on the left) is the 10s and the second container is the 1s.

Find 10 small or soft items to throw (e.g. rolled up socks, pieces of Lego or crumpled paper). Throw the items into either of the boxes and say the number you have created!

For example

6 items in the 10s and 4 in the 1s = 64

- Challenge**
1. Can you write the numbers down?
  2. Add another container for the 100s

You can adapt the game to practise numbers to 20 only, or numbers to 30 only.

## HWB

**We are all unique.**

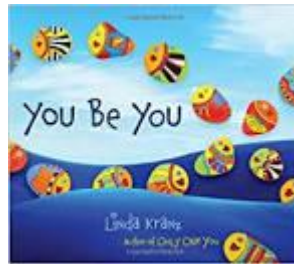

**We are all special.**

**We are all different.**

**There's only one me.**

These are all things that we have often talked about during our time in P1/2.

Here is a story that reminds us of how unique we are, and how we can all help and learn from each other too.

## Art

In the book there are many different types of fish, and they all like doing different things - just like us!

I believe that the author of the book actually painted rocks to create her illustrations. Aren't they beautiful?

Let's see if we can create our own fish by drawing and colouring. (or by painting a stone if you choose!)

If you have a big piece of paper you could use it, or if not, why don't you just draw in your jotter?

Think about shape, line and colour. Here are some ideas to get you started.
