# Friday games!

1)

## Draw What You Hear

Cue up different types of music on your CD or MP3 player — pop, kids, classical, country, etc. Give your child some paper and different colored markers or crayons. Start the music and ask them to draw what they are hearing. If they are having trouble, demonstrate. For example, with slower music, you might draw long, loping lines in a dark color. With a faster tune, shorter, sharper angles using a brighter shade. There's no wrong answer here, just what you feel.
