

Story Time

Watch this story called 'Catch It'.

<https://www.literacyshed.com/catchit.html>

After watching, discuss:

- What were the meerkats looking at in the tree?
- What scared off the meerkats when they were looking up into the tree?
- What did the meerkats do to try and get the fruit back?
- What happened to the vulture as it flew away with the fruit?
- What happened to the fruit after the meerkats got it back?

Writing

This week we will have a break from writing descriptions and recounts as you may be busy writing your short stories as part of our Superheroes topic! For literacy, I would like you to visit this website below:

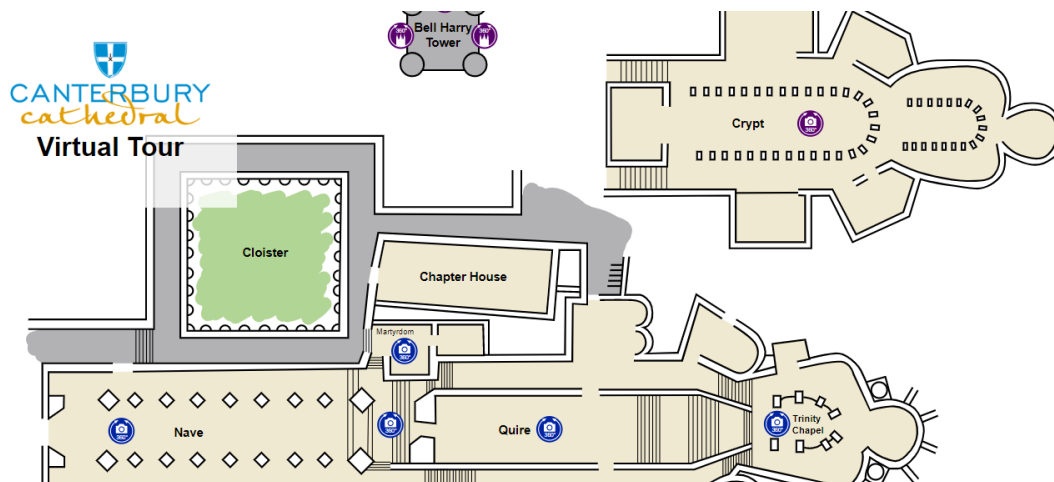

<https://www.bbc.co.uk/bitesize/topics/zd63xyc/articles/zncgvk7>

It has a great selection of games for spelling, grammar, punctuation and lots more! Pick a different game from yesterday!

RME

I hope you enjoyed your virtual tour of Canterbury Cathedral last week! This week, can you copy out the floor plan of the cathedral like the one below? You can label some of the important features too! If you'd rather you could design your own church floor plan!

<https://www.canterbury-cathedral.org/virtual-tour/>

Health and Well-being

Have a go at this rainbow meditation with Jamie and Peace Out!

<https://www.youtube.com/watch?v=hh58j2Yw6dg>

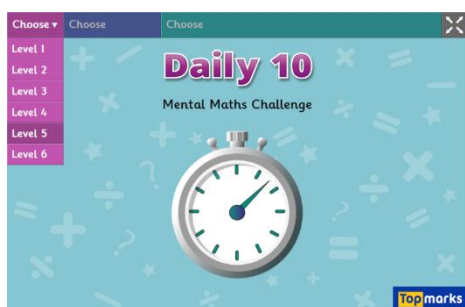

Superheroes Topic

I hope you enjoyed your second week exploring comics and films! This week you can pick activities from the topic grid to explore 'Gadgets and Costumes'. I hope you are getting on well with the short story as part of your writing this week!

Mental Maths Warm Up

Have a go at this Daily 10 Mental Maths Challenge. You can pick which activity you would like to Try today!

<https://www.topmarks.co.uk/maths-games/daily10>

You will be asked to write down your answers and then you can see how many you got right at the end!

Numeracy

Challenge yourself: Think.....

1. There are 36 daisies. Beth takes away 4 of them. Kat takes away 7 more. How many daisies are there now?
2. There are 36 counters. Fred takes 4 and Sean takes 7. How many are left?
3. There are 36 people on a bus. 3 people get off and 7 get on. How many are left?
4. 12 sweets are shared between Josh and 3 friends. Josh ate 2 of his sweets. How many does he have left?
5. Ben has 36p. He buys a cake costing 4p and a drink costing 7p. How much money does he have now?
6. A plant was 36cm tall. It grew 4cm and then another 7cm. How tall is it now?

Remember to use strategies you use in class and if it helps draw picture to help you!
