# Woven Police Car

## Supplies

- Police car template
- Strips of blue and yellow card, 2cm wide
- A4 sized coloured card
- A4 paper
- Scissors
- Glue stick
- Ribbon

- Hole punch

**1** Draw around the police car template onto coloured card.

**2** Cut the car shape out of the middle of the card, without damaging the outer rim. This should leave you with an A4 frame of card with a car shape cut out of it.

**3** Cut strips of wrapping paper into two sets; one long enough for the width of the card and one long enough for the length of the card.

**4** Place the longer strips of wrapping paper vertically onto the A4 paper. Glue them down at one end only.

**5** Using the other strips of wrapping paper, weave these over and under the vertical strips of paper.

**6** Once the A4 paper is completely covered, glue all the edges of the woven paper down. Then trim the excess paper off to be flush with the A4 sheet.

**7** Take the card car frame and spread glue onto one side of it. Then stick this down on top of the woven sheet.

**8** Use the window templates to draw windows onto a grey or light blue card.

**9** Cut out and stick on top of your weaving to give your car windows you could also make some wheels out of black card!

**10** Finally, make a couple of holes at the top of the car frame using a hole punch.

**11** Thread a loop of ribbon through to hang the woven paper police car from.
