

Mid Calder Primary School Primary 7 Newsletter

Dear Parent/Carer,

Welcome to Term 1 in Primary 7. After a different and challenging few months, I hope you have all had a relaxing summer and are now feeling refreshed. We are so excited to welcome all of our children back into school and are looking forward to finding our 'new normal.' This term, we will be working together on building a classroom community and extending this throughout the school. Some of our P7s will be excitedly preparing for our upcoming House Captain elections and will be encouraged to demonstrate all of our school values in this process. Although this will be a slightly different year, we are very excited to embrace all of the new responsibilities and challenges that come with being a Primary 7!

Miss Sherlow

Class information:

8:45am· Day begins

10:49· 11:06am· Break Time

12:35· 1:15pm· Lunch Time

3:05· School finishes

We will be washing our hands regularly throughout the day to ensure that we are as safe as possible. If you would like to provide your own hand sanitiser for your child, please feel free to do so.

PE/ Outdoor Learning arrangements:

We will be spending time learning outdoors every day this term, so please ensure your child has appropriate footwear and a jacket at all times (even if it is sunny in the morning ☺)

Primary 7s should wear their outdoor PE kits to school on Tuesdays and Wednesdays as Mrs Davidov will lead PE/outdoor learning sessions on these days.

Daily resources for class:

- a named water bottle (this cannot be refilled in school so please ensure that your child has enough water to last them the whole day).
- snack and lunch (if required).
- weather appropriate outdoor footwear and a coat.

As mentioned in the school newsletter, each child will be provided with their own individual stationery pack to remain in school at all times.

Curriculum recovery:

This term, we will be focussing on our children's emotional and physical health and wellbeing through lessons in the classroom and when utilising our outdoor spaces. In the Upper Area, our first interdisciplinary context for learning will be Natural Disasters.
