

PRIMARY 3/2 LEARNING LETTER: TERM 2

WELCOME!

Welcome back Primary 3/2!

I hope you all had a lovely holiday and made some special memories with your family. Whilst you may not be in school at the start of this term, we hope that we can continue to make progress in our learning and have fun using our Seesaw platform for home learning.

Miss Clark

ONLINE LEARNING: Literacy

Writing: Last term we looked at descriptions and recounts using our PM Writing Scheme. This term we will look at procedures (providing instructions on how to do something) and explanations (explaining how or why something occurs). We will also continue to focus on the 'magic ingredients' of writing by ensuring we use capital letters, full stops, fingers spaces and correct letter formation.

Reading: As we will not be able to send books home, we are going to use e-books to assign reading books each week.

Spelling: We will continue to make progress with spelling using our Jolly Phonics Spelling & Grammar Scheme and practise our spelling patterns each week through various games and activities.

ONLINE LEARNING: Numeracy and Maths

Numeracy: We will continue to use the SEAL programme (Stages of Early Arithmetical Learning) to make progress with number sense, place value, addition and subtraction and early multiplication and division.

Maths: We will continue to develop our understanding of time and begin to have a look at 3D shape.

IDL – Super Humans

This term our topic will be 'Super Humans'. As you will not have access to school resources like we normally do for our topics, this topic will be more of a personal project. More information about our topic will be available on Seesaw in the next few weeks.

P.E.

This term Mrs Davidov will provide P.E. activities and challenges via Seesaw. These will be available on the blog every Tuesday and Wednesday but they can be used as many times as you would like.

ONLINE SAFETY AND RULES AND EXPECTATIONS FOR USING SEESAW

- Remember to only share photos, videos and voice notes that you feel comfortable sharing.
- Make sure anything you upload is appropriate for a school learning platform.
- Pace yourself: Try to have small breaks throughout the day between each activity. We don't expect you to follow the school timetable timings so work through the tasks at a time and speed that suits you and any adults who are supporting you.
- We don't expect you to complete every task every day but we do want to encourage you to do your best.
- Look after your mind and body: It's important to use strategies that you know help you get through a busy day such as exercise, yoga and meditation and fresh air.
