Remind children that multiplying is another way of adding. This week we will move on to the 10 times table. Multiplying by is where we're going to start. Again get some plates or bowls and use some sweets, biscuits, lego, toys, anything you have to show them what 1 group of 10 looks like. Then 2 groups of 10, 3 groups of 10 and so on). Then start again, can the children show you? Can they say how many there are without counting each thing? Stick with multiplying with 10 this week. Let them play around with the concept.</p>	<p>Various Curricular areas</p> <p>Topic: Farming</p> <p>This week I'd like the children to find out where food comes from. Use the activities to help.</p> <p>OR</p> <p>Entertainment</p> <p>This week there are various activities you could do on entertainment. See the links and ideas on the Blog for P1-3. You can choose as many or as little as you wish to complete in the afternoons.</p>

As per yesterday, go over multiplying by 10. Can the children remember how you did the plates/bowls? Can they say it to you? (1 group of 10 is? 2 groups of 10 are? etc. as they build up to 10 groups of 10). Can they do it again without counting each item? Show them the Times Table sheet in the pack. Look at the 10 times table only. Point to a fact and ask them to show you with the bowls. Repeat for other facts.</p>	<p>OR</p> <p>Entertainment This week there are various activities you could do on entertainment. See the links and ideas on the Blog for P1-3. Thursday	<p>Welcome Morning prayer Check-in activity What day is it? What day was it yesterday? What date is it? What is the weather like?</p>	<p>Sing: alphabet song Say: Sound sheets</p> <p>Spelling words</p> <p>Literacy Activity: Story Writing. Planning sheet with picture Pirates) Children make up a character and use the planning sheet to put together a plan for their story. After this take a break then get the children to write the whole story with a title, date and their own picture in their Writing jotters.</p>	<p>Milk and story</p>	<p>Numeracy/Maths How high can you count?</p> <p>Number Tracks or songs</p> <p>Maths activities: 10 times table. Once again you're going to go over the 10 times table. Can your child remember what it means? Can they recall the facts? Can they do it without looking at the Times Table sheet? If not don't worry, we're going to add this to the daily starter. Let your child play the multiplication maths games on Education city.</p>	<p>Topic: Farming This week I'd like the children to find out where our food comes from.
