

P1 LAST WEEK OF TERM ACTIVITIES!

The last week of term is all about reflecting. Look at the P1-3 Activity Afternoons Transition activities for lots of super ideas which will help you reflect on this year and prepare for next. However, it is also about **HAVING FUN**. Usually we go on an all-day trip, have assemblies, enjoy garden time, extra play time, watch movies... so this week at home we want you to do these kinds of things too. Here are some ideas ☺

- Create a board game and play it with your family
- Create a treasure hunt in your house, you could hide 'treasure' in secret places and make up clues for your family to find them
 - Go for a long walk/cycle/scoot
 - Do a 'Just Dance' routine (on YouTube)
 - Do some Cosmic Kids Yoga (on YouTube)
- Draw a picture of an object or animal - try your best to include as much detail as possible
 - Bake or cook something tasty and record the recipe to share with a friend later
- Build a den in your house using sheets, pillows and blankets. Could you sleep in your den over night? Can you read a story with a torch?
 - Make a bird feeder for your garden. What birds can you spot using it?
 - Complete a puzzle or a Lego construction. What different things can you build?
- Create a poster about good hand-washing to bring back to school after the holidays
- Read your favourite stories/watch your favourite movies... or a new story/movie that you have never seen before. Can you predict what might happen at the end?
- Go for a picnic with people in your family. You could help to prepare the food and pack the picnic bag.
 - Have fun! We are nearly there!!!!

Keep
Calm
it's almost
Summer
