

Respect for others

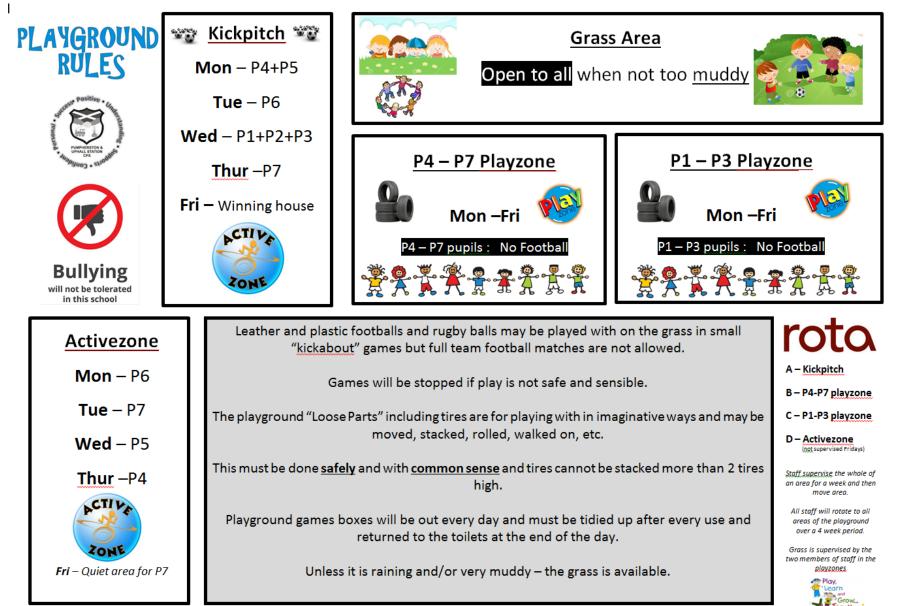

Our School Rules and Respect

- We treat everyone with respect in school
- We do not argue back or shout

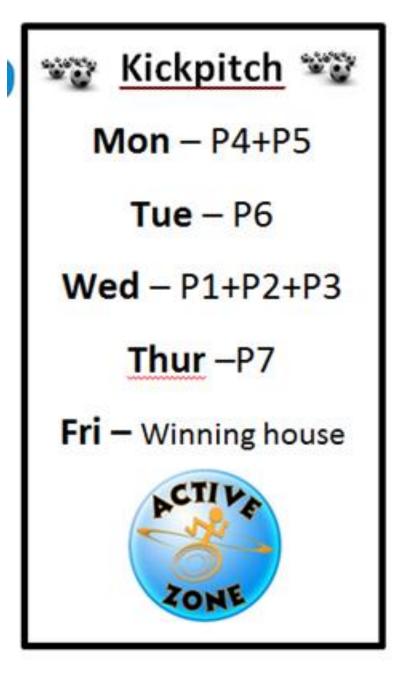

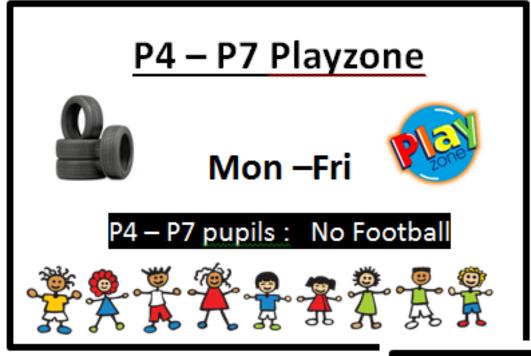

In the playground

Share three things you have done for someone else in the playground which were nice things to do.

Quiet Zone

Share two activities which are appropriate to do in the quiet zone.

Share something which would not be appropriate in the quiet zone Leather and plastic footballs and rugby balls may be played with on the grass in small "kickabout" games but full team football matches are not allowed.

Games will be stopped if play is not safe and sensible.

The playground "Loose Parts" including tires are for playing with in imaginative ways and may be moved, stacked, rolled, walked on, etc.

This must be done <u>safely</u> and with <u>common sense</u> and tires cannot be stacked more than 2 tires high.

Playground games boxes will be out every day and must be tidied up after every use and returned to the toilets at the end of the day.

Unless it is raining and/or very muddy - the grass is available.

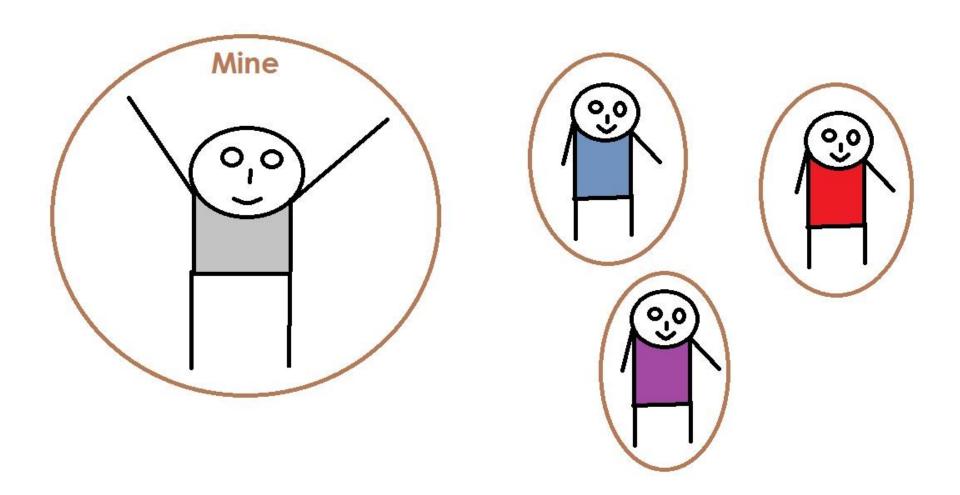

Why do we need a rule where games with physical contact are not allowed?

What is Personal Space?
