

What is a school inspection

PUSCPS – 13 November 2017

Inspections are when the government comes to school to see how all of our work is going.

- Our inspection will last a week and there will be eight special visitors in school to help.

The inspectors are here to see how great our school is.

They will be in every class many times, they may join in with your group and they will chat to you about your learning.

The team want to know what it's like to be a pupil here. What you like about our school.

This was our focus at Pumphie Pals on Friday.

Our School Values sum up what we are all about
