

Continuity of Learning @ PUSCPS

During school closures we aspire to continuity of learning for our children.
Please see below information on how different age groups can access home learning.

Communication	Nursery	Primary 1-3	Primary 4-7
<p>Blog</p> <p>Our blog is our main method of communication with families. https://blogs.glowscotland.org.uk/wl/puscpsnews/ Teaching staff will use the blog to communicate with parents/ carers home learning activities. It is important you check this regularly to keep up to date with information.</p> <p>Our blog updates are also linked to our Facebook Group https://m.facebook.com/PUSCPS and our Twitter page https://twitter.com/PUSCPS. It is a good idea to follow these groups if you use social media.</p>	<p>Sway</p> <p>A Sway is an interactive way of sharing with families. Our nursery nurses will update our Home Learning Nursery Sway will different learning opportunities for home.</p> <p>You will find the Sway on our blog or at this link: https://sway.office.com/qlp529z8T7AHHelg</p> 	<p>Home Learning Board</p> <p>Every week a home learning board will be issued via groupcall email and on the blog. These learning activities are based on the curriculum that the children would be progressing with in class. They can complete the tasks in their home learning jotters or online.</p> <p>If you complete any of the tasks online they can submit them to wlpuscps@westlothian.org.uk. Please ensure they are labelled with child's name and class so they can be directed to the correct member of staff.</p>	<p>Glow Team</p> <p>All P4-7 children have a glow log in which allows them to access an online 'classroom'. Teaching staff will set daily learning activities in this space for children to access. These learning activities are based on the curriculum that the children would be progressing with in class. The children have already accessed their team classroom during the school day and should be confident in how to access it. You will find information here: https://blogs.glowscotland.org.uk/wl/puscpsnews/p4-p7-get-glowing/</p> <p>If you need any support please email the school: wlpuscps@westlothian.org.uk</p>
<p>Groupcall</p> <p>It is important that the office have a record of your most up to date phone numbers and email address. We will use Groupcall email to regularly communicate with you. Group call text will be used for urgent information from us or West Lothian Council. If you do not have access to email you need to alert our office staff ASAP.</p>	<p>All children will have a home learning jotter that they can record learning in.</p>	<p>All children have a Sumdog log on in their reading record/ homework diary. P1-7 will have a weekly maths challenge related to class learning. P3, 4, 6 and 7 will have a weekly reading challenge related to class learning.</p>	
<p>Website</p> <p>Every school in West Lothian has a consistent style of website informing families of the same types of information. Our website also has feeds to our blog and twitter accounts, providing a 'one stop shop' for information. http://puscps.westlothian.org.uk/</p>	<p>West Lothian Council will also share with us information on how to support early learning at home, which we will share with you in the event of a closure.</p>	<p>Children have their current reading book and a personal reading book.</p> <p>Some children in P3-7 have access to an IDL log in to support their literacy development. If you child uses this website/ app the information is in their reading record/ homework diary. You can find out more information about it on our blog: https://blogs.glowscotland.org.uk/wl/puscpsnews/learning-teaching-workshops-idl/</p>
