

Update from Miss Burton – 27/03/20

Just wow! I am totally overwhelmed by the efforts from our PUSCPS community to keep caring for our children and to continue with the learning during this uncertain time.

I am very proud of our staff who are using a range of digital tools to communicate with our children in a way that meets their needs. I am proud of you, our parents and carers who have had to embrace this change so quickly. We know it can be difficult to adapt to digital ways, being patient with software and organising timetables for devices. So thank you for your continued efforts to support your child. I am super proud of our children, it has been amazing to join in their learning on teams, sway and online journals. They have been sharing their learning in a range of innovative ways.

We are not sure of what the next few weeks will bring but we can be sure that we have each other for support.

NurSery

The nursery are using their home learning sway to share a daily activity. It has been fantastic seeing the responses to the tasks on the children's online journals.

Primary 4-7

Primary 4-7 staff blog on a Monday an overview of learning for the week. The learning in Teams can be completed at any time, however staff are available at times throughout the school day. The children are getting used to searching for the posts set by their teacher and replying by uploading their learning. We have emailed some information to families this week to support with this and there is information on our blog.
