Across Learning

Play Sumdog to sharpen your mental maths strategies.

Challenge yourself to read a type of book you haven't read before. Tell an adult three facts about what you have read.

Check in with someone at home – discuss how you/they feel. Try to describe emotions, triggers and behaviours.

Listen to a chosen piece of music and discuss how it makes you feel/ what it makes you think about.

Make a game or find a strategy to help you to learn your times tables.

How many adjectives can you find to describe what you see on your way to school?

When playing outside or in the playground, think about the risks and how to stay safe.

Use books or ICT to research a topic of your choice. Create a fact file or poster to share your learning.

Practise addition and subtraction facts within 10/20 or beyond.

Write a description about your favourite character.

Create a poster to remind people when and how to wash their hands to prevent the spread of germs.

Look at the learning Sways and posts on our school blog and leave a comment.
