

Back to School, Mallory

Chapter 8 - Inference

L.I. I am using looking for evidence in the text that infers that Mallory does not like writing.

S.C.

* I can read Chapter 8 looking for evidence that shows Mallory does not like writing.

* I can write the phrases using quotation marks.

* I can write the page numbers where I found the quotes.

e.g. "I'm being held prisoner...She says I have a lot of writing to do, and I can't go outside until I do it." Page 83.

This infers that Mallory does not like writing as she has referred to herself as a 'prisoner', meaning someone who is held captive against their will and being made to do something they don't want to do, in Mallory's case, writing.

Both and quote and the sentence have to be written.
