

Nursery Outdoor Area

We are looking for your help. We have been open for a number of months and have worked to establish and change the indoor environment for our children. We would now like to look at our outdoor environment.

In Nursery we have been talking to the children and recording their ideas of what they would like to see developed. We thought it would be great if families could contribute ideas also.

In our outdoor environment we are looking to promote literacy, numeracy and health and wellbeing.

We also want to encourage imaginative play, creativity, curiosity and fun.

Please let us know if you have any suggestions for our outdoor environment. You can write them down and give them to nursery staff, email them to Eileen.brown@westlothian.org.uk or even draw them if you like.

We are looking forward to hearing from you.
