Key Numeracy Activity

This week we are going to focus on **MASTERING**
some of our times tables!

Today we are going to begin with the 3 times table!

3

$3 \times 1 = 3$

$3 \times 2 = 6$

$3 \times 3 = 9$

$3 \times 4 = 12$

$3 \times 5 = 15$

$3 \times 6 = 18$

$3 \times 7 = 21$

$3 \times 8 = 24$

$3 \times 9 = 27$

$3 \times 10 = 30$

$3 \times 11 = 33$

$3 \times 12 = 36$

Practice representing the stations of your 3 times table using some materials from home e.g. lego/ counters/ pebbles from your garden/ sticks or twigs.

Lay them out to show that as we move up through the table we 'add on 3 more each time'.

3 times table ICT activity:

Topmarks – Hit the Button: 3 times table,

3 times table song:

<https://youtu.be/dzVyBQ5uTbo>

3 times table choice craft:

Choose one of these to create a reminder of the 3 times table. You could put this up in your bedroom to help you when you are practicing this table.

Or create your OWN! 😊
