

WEEKLY CHALLENGE

ROCKET MOUSE

This week's challenge is an easy Rocket Mouse. Don't forget to share your creations using [#ScienceSparksChallenge](#)

What's New?

This week we've been trying some tennis themed science to get in the mood for Wimbledon. Pop over to Science Sparks to find out more.

Challenge 2

1. Make a cone shape using paper.
2. Decorate your cone so it looks like a mouse.
3. Place the cone on top of an empty plastic milk bottle.
4. Squeeze the milk bottle hard.
5. Your mouse should shoot into the air.
6. Make your mouse heavier by adding a tail, does it fly as high?
