

## I am saving for...

I am saving for a pair of blue light up heelys. I'd like a pair of heelys because I like to keep fit and I already have a scooter and a bike.

I need £40 for my heelys but I only have £21 so I need to save another £19. I think I will have enough to buy them soon if I get some birthday money.

I'm excited to buy them and try them or the first time.
