L.I. To be able to present and analyse data in a Venn diagram.
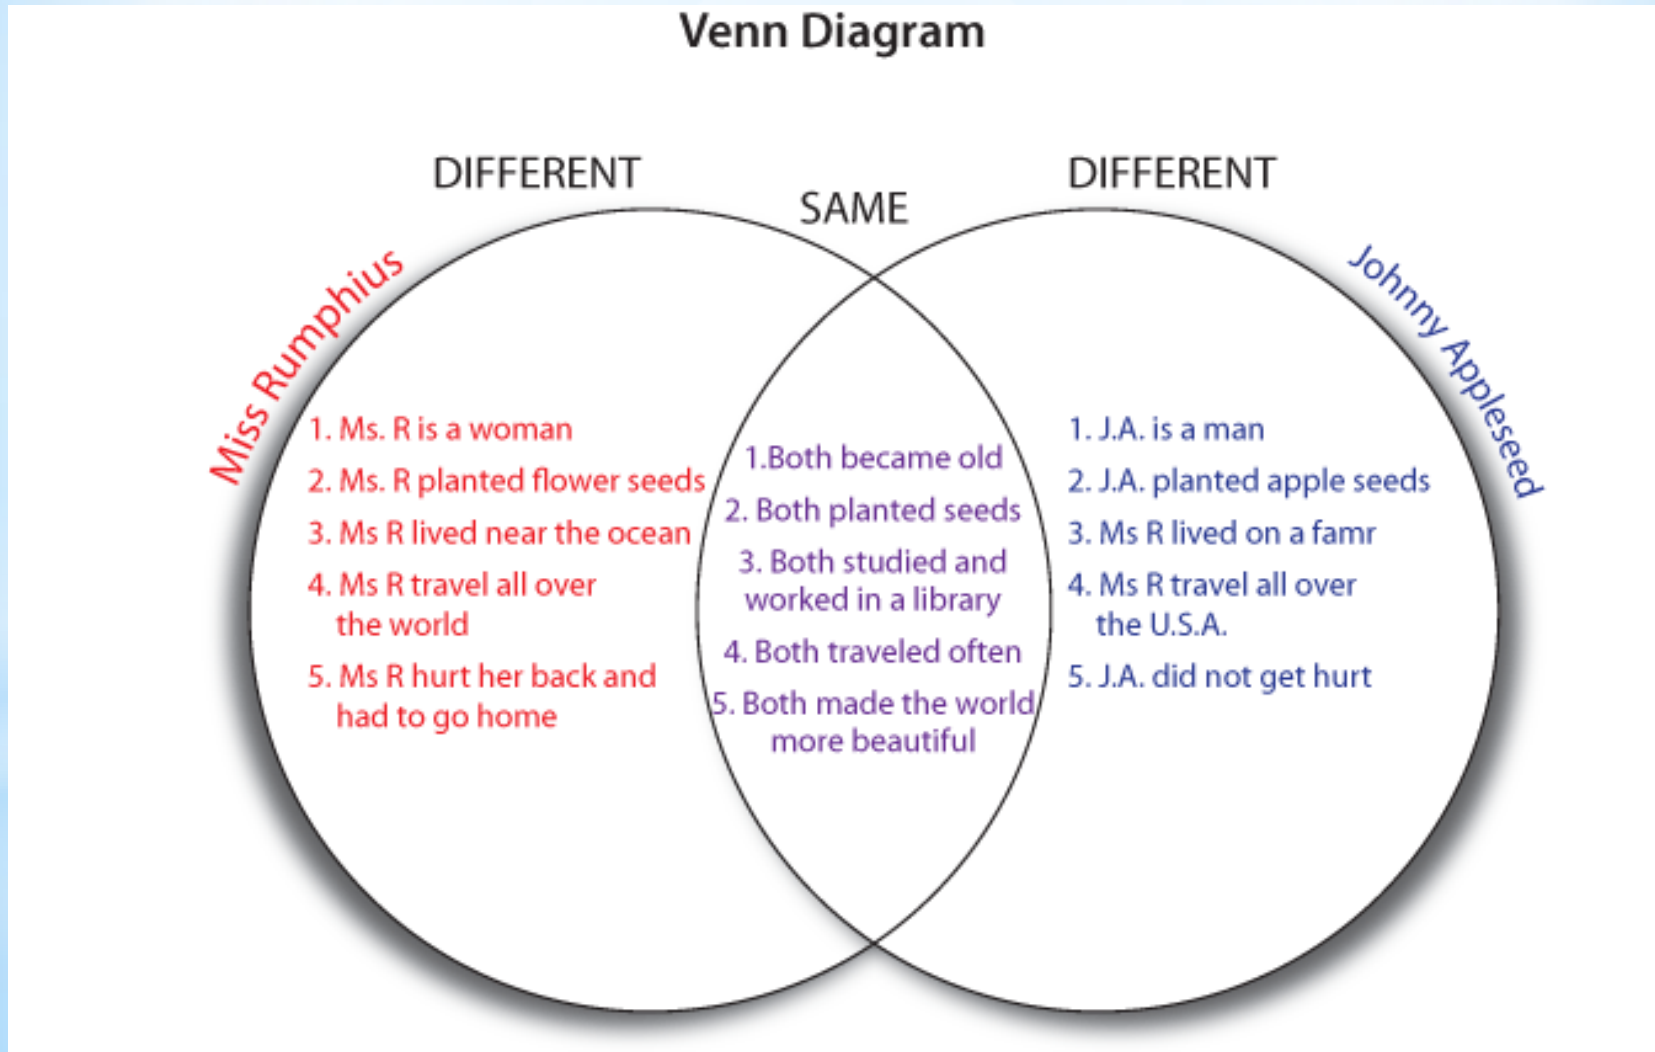

Steps to Success

To understand what data is.

To be able to put data into Venn diagram.

To be able to analyse data in a Venn diagram.

A Venn diagram is a way of sorting and displaying data (information). Can you remember what they look like? We have done one before when we sorted historic transport.....

What does this Venn diagram show us?

Venn Diagram

DIFFERENT   SAME   DIFFERENT

Miss Rumphius

1. Ms. R is a woman
2. Ms. R planted flower seeds
3. Ms R lived near the ocean
4. Ms R travel all over the world
5. Ms R hurt her back and had to go home

1. Both became old
2. Both planted seeds
3. Both studied and worked in a library
4. Both traveled often
5. Both made the world more beautiful

Johnny Appleseed

1. J.A. is a man
2. J.A. planted apple seeds
3. Ms R lived on a famr
4. Ms R travel all over the U.S.A.
5. J.A. did not get hurt

Can you work this one out?

Your turn!

You are now going to survey your friends and family to see what languages they can speak. You will then present this data in a Venn digram. Look at my example on the next page...

Here is an example I did with my family. You can copy this format if you'd like.

Can speak *some* French

Can speak *some* Spanish

Mum   Nicey

Laura

Dad

Graham

Gran

Bro

Lolly

Liz

Rebecca

Janet

Twix is placed here because she can't speak French or Spanish!

Twix (the cat)

*Let's Reflect....

Can you/ do you now....

...understand what data is?

... put data into Venn diagram?

... analyse data in a Venn diagram?
