

Spelling

Common Words

every, find, want, girl

Activities: Choose from

1. Rainbow write words
2. Write a sentence for 2 of the words
3. Hidden words, draw and colour a picture hide your spelling words inside the picture. Show your picture to someone and see if they can find your hidden words!

Don't forget to write the date **31-3-20** and title **Common Words** in your jotter.

Reading

Milk and story: watch the story on the Milk and Story Sway (emailed to you) "The Knight who wouldn't Fight" and complete the accompanying task.

Login to **Bugclub on Active Learn** website

<https://www.activelearnprimary.co.uk/start>

Chose a book to read and answer the questions.

Numeracy

I can display equal groups in different ways and can write number sentences about them.

Add and multiply: Find packets in cupboards at home that contain more than one of the same item, e.g. 8 cheese triangles, 4 tins of beans, 8 bars. In jotter write how many of each would be in several of these packets, showing this as an addition and as a multiplication, e.g. 4 packets of 8 chocolate bars = $8 + 8 + 8 + 8 = 4 \times 8 = 32$.

Remember date: **31-3-20** and title: **Multiply**

Measure: I can talk about how measurements are used all around me

Measuring the family Children draw their family members, putting them in order of height. Then they draw them in order of age.

Remember date: **31-3-20** and title:

Measure

Other Areas

Technology

Take part in this month's kids invent stuff - ideas for inventions that make boring jobs faster and more exciting!

For details see

https://youtu.be/LDV_e-cddM

You can submit your ideas to Kids Invent Stuff at

<https://kidsinventstuff.com/>

Or you can just do it for fun.

Please share your inventions with us by taking a photo of your idea and emailing it to the school.
