

Literacy

I would like you to find a newspaper, magazine or book and make a list of as many common words you can find. Rate yourself - 5 Good, 10 - excellent, 15 - Outstanding. Dinosaur Eggs is a good game to practise the reading and spelling of common words. Start at level 1 and move up the levels to 6 if you can, P2 you might want to challenge yourself and go higher!

Numeracy- Game Thursday!!

Play a game or two with someone today. Anything you have in the house.

Monopoly to a pack of cards, Snakes and Ladders to Draughts. I often play Patience by myself with a pack of playing cards. Remember don't cheat or be upset if you don't win.

It's the taking part and following the rules that counts.

Life Skills

You have been at home now for 8 weeks and poor parents/carers have had to work hard entertaining you and still working themselves. Do you notice all the jobs they also have to do around the house?

For the next week take responsibility for doing 3 jobs every day. It could be dusting, drying dishes, sweeping the floor, feeding the pets. There are many, many jobs you can do.

You could also make a card to say Thanks.
