### Numeracy and Maths

Pick your tin! Find cylinder shape tins.

Look at making labels and think about the amount that will be in that tin!

If you draw around the old label then you can get the exact size.

Pick your minibeast contents. Are there going to be just one minibeast in a can? Make labels as fancy as you want!

*(Grownups you might want to mark the tin with what is really in it!)*

**t** **a** **r** **t** **i** **n** **g** **w** **i** **t** **h** **a** **s** **t** **o** **r** **y**

### Talking Together

Then go shopping and combine your tins of yuck!

How many minibeasts would I have if I had a tin of my caterpillars and a tin of slugs?

What about half a tin of worms and a tin of slugs? Look at different combinations.
