

Williamston Nursery Class

Possible Lines of Development

- 'What is zero?'
- What is the same? What is different?
- Singing individually and at the correct pitch
- Developing balance through 'Fizzy'
- Winter (changing states: water-ice)
- The Doctor's surgery

Through our floorbooks and talking tubs a variety of learning will identified and developed.

Week Beginning 18th January 2016

Throughout our playroom, children access their learning through free play and personal choice. On a daily basis, there will be staff led group time where children will be offered the opportunity to participate in these curriculum based activities.

Home Links

To make further links with nursery life and home life, we will regularly suggest some activities for parents to complete with their children at home.

Can you discuss with children the sequence of some daily routines/tasks? You can possibly post your work on the home links section of the Online Journals.
