

# First Level Home Learning

## WRITE IT !

Write an exciting story about the day your snowman came to life. Make sure it has a clear beginning, middle and end. Think about VCOP as you write.

Extra: Self assess your work. Give yourself 2 stars and a wish

## READ IT !

Spend some time relaxing with a book of your choice.

Draw a picture of your favourite character and surround it with words of your choice.

## INVESTIGATE IT

Take a note of the times that the sun sets on the days that you are not in school.

How does this compare with the times recorded in the newspaper or internet?

## DRAW IT !

Create a detailed observation drawing of the view from one of the windows in your house.

## WINTER READY LEARNING TASKS

Only complete the following tasks when the school is closed due to bad weather.

Make use of Dojo to upload your work and let your teacher know how you are getting on with these throughout the day.

## BAKE IT!

This Friday we are having a Coffee Morning at Windyknowe Primary School.

Get your apron on and bake some delicious sweet treats to eat at the Coffee Morning. Bring these to school on Thu/Fri.

## SPELL IT

Ask someone to test you on any 20 words from your Home Learning jotter.

Check your spelling and fix any mistakes, then write the words out in alphabetical order.

## BUILD IT

Build a Snow Monster! Make it as scary as possible. Draw a picture of it or take a photo to upload to Dojo.

If you can't get outside, draw/make a model indoors.

## RESEARCH IT

Use the internet and books to research where the coldest place on earth is. Find and record at least 4 interesting facts about this place.

Extra: Find out where the coldest place in the UK is.
