

Class P1 Numeracy and Mathematics		
Numeracy Task 1	Numeracy Task 2	Numeracy Task 3
<p>Aim: To read numbers in tally marks.</p> <p>Each line represents one. Each 'gate' represents 5. Two sets of five will make ten.</p> <p>What are these numbers?</p>  <p>Extra challenge: What is the number shown below?</p>  <p>Using tally marks, can you show some numbers between 10 and 30?</p>	<p>Aim: To make my own analogue clock</p> <p>Use the template in your pack to create, colour and make your own clock to help you with future time tasks and activities.</p> <p>Extra challenge: Look to see how many ways of telling the time there are in your house! (watches, clocks, phones, oven timers etc)</p>	<p>Aim: To subtract within 20</p> <p>Colour the spring flowers template in your pack using our strategies (fingers, touch head and count back, number line, loose parts) to help you calculate the answer.</p> <p>Extra challenge: draw your own flowers and write harder sums for a family member to calculate!</p>
