

Literacy

Get an adult to hide a bear in a room in your house. Adults have to describe where it is hidden using clues about what the room is used for. Can you guess what room the bear is hidden in? If you're really good maybe you could do the hide and describe!

Have a go!

Health and wellbeing

Teddy Bears Picnic

We love helping to prepare snack at nursery. Can you make your own sandwich? Remember to show your adult how you spread and cut with a knife safely.

Adults talk about: shape of bread (edges and corners) and how many... What happens when you cut it in half? How many now?

Numeracy

Try making a weather chart that you can use to record the weather each day.

You could discuss what kids of clothes you need to wear in different weather.

You could even keep a tally!

Make your own binoculars

You will need:

2 toilet roll tubes,
string/ ribbon,
glue/stapler and
something to decorate.

We're Going on a Bear Hunt

<https://www.theguardian.com/childrens-books-site/2013/jul/10/bear-hunt-teddy-bear-picnic-games>

Here is a link with a few more fun ideas and games you could play at home too!

Numeracy

We have been working hard on number recognition in nursery. Get an adult to help write numbers 0-10, cut them out and see if you can put them in order.

Do you know what number comes after or before 4? Try hiding a number and see if you can guess what one is missing.

Health and Wellbeing

Can you draw the bear from the story and cut him/her out?

Don't forget to keep your thumb to the ceiling!!

Literacy

We're going on a bear hunt, we're going to catch a

Have you been listening to the story? Get an adult to read the story and miss out some of the words. Can you fill in the blanks?
