

**Friday 24.4.20**

**Handwriting**

**L.I. To join my letters**

Write the following poem in your green jotters using your neatest handwriting.

# Wind On The Hill

by A.A Milne

No one can tell me,  
Nobody knows,  
Where the wind comes from,  
Where the wind goes.

It's flying from somewhere  
As fast as it can,  
I couldn't keep up with it,  
Not if I ran.

But if I stopped holding  
The string of my kite,  
It would blow with the wind  
For a day and a night.

And then when I found it,  
Wherever it blew,  
I should know that the wind  
Had been going there too.

So then I could tell them  
Where the wind goes...  
But where the wind comes from  
Nobody knows.

## Problem solving

Would you rather? Solve the following problems and explain your answers in your green jotter. You may use a calculator if you have one however challenge yourself mentally first.

### **Key questions**

How will you compare these two scenarios?

How did you get to the answer? (a sum? picture? problem solving strategy?)

### **Would you rather...**

1. ...have 30  coins or 10  coins?

2. ... have three halves of a pizza or eight quarters? 

3. ... be bitten by 10% of 200 scottish midgies or 50% of 20 scottish midgies 

4. ... sit in a traffic jam for a the time it takes you to do 100 star jumps or the length of time to boil an egg 

5. ... eat half of 8 chocolate eggs or a quarter of 20 chocolate eggs? 

6. Now it's your turn. Create a question for the class and post it on our Teams.
