Name _____
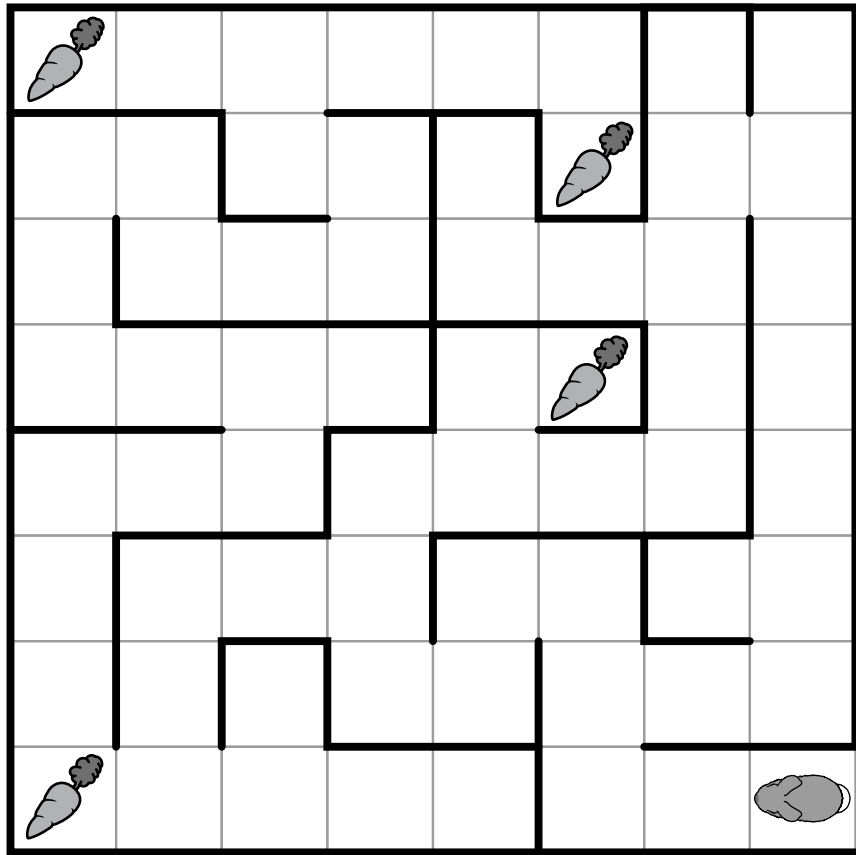

Movement in a maze

Key
F = forwards
B = backwards
L = turn left
R = turn right

Work with a partner. One of you is the Writer and one is the Mover.

Put a toy figure on the rabbit and a counter on any carrot.

Writer, you will give instructions to the toy figure to get through the maze to find the carrot.

_F2_

Writer, each time you give
an instruction, write it here. ⟶
Try to use shorthand (look
at the **key** above).

Mover, each time you hear an
instruction, move the toy figure.

Do the written instructions work
to get you to the carrot?

I can record turns and directions

Shape, position and movement: Understanding and explaining
