Feel free to change the 'Food Type' to your own choices.

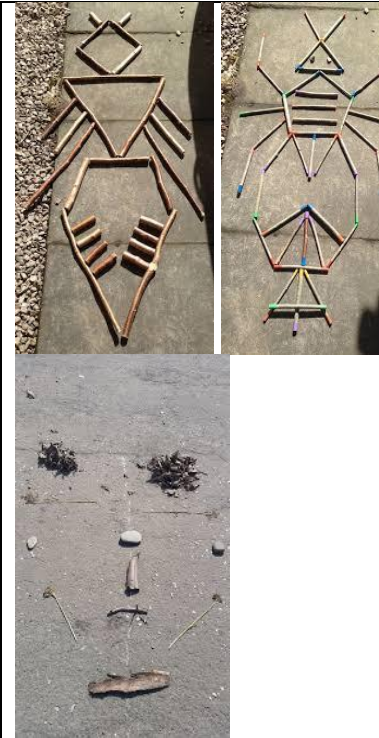

In the 'Tally' section, ask different family members their favourite food and add a tally mark next to the correct food (you may wish to ask any family members during a video/phone call to add more tally marks to your table).

Remember if you reach 5 tally marks, draw a line through the 4 tally marks already there to show 5.

In the 'Total' section, write the total number of tally marks for each favourite food.

Which was your most popular food?
Which food was the least popular?

Extra Task - Log onto Studyladder and find the 'Geometry 2D Shapes' section. Have a go of playing some of the shape games, in particular 'Dividing Shapes'.
