

Class P1 Numeracy and Mathematics	
Numeracy Task 1	Maths Task 2
<p><u>Aim:</u> To identify the missing numbers in a 100 square</p> <p>Look at the 100 squares on the next page. Can you work out what the hidden numbers are?</p> <p>Alternatively use the 100 square in your pack and hide a set of numbers.</p>	<p><u>Aim:</u> To split a shape into quarters</p> <p>With the help of an adult, have a go this time of splitting your lunch into quarters!</p> <p>Use one soft item of food such a sandwich, pancake or cupcake.</p> <p>Cut it into 4 equal bits. Are the pieces equal?</p> <p>Take a photo or draw a picture of your quartered lunch. Perhaps you could email the photo to school?</p>
	<p><u>Aim:</u> To make my own price list. To add up money.</p> <p>Can you make your own price list for things that The Hungry Caterpillar might like to eat? You could choose your own prices.</p>  <p>Choose 2 things for The Hungry Caterpillar's breakfast. Work out how much this would cost by adding together the prices.</p> <p>Do the same for The Hungry Caterpillar's lunch and dinner.</p> <p><u>Extra Challenge:</u> If this is easy for you make your prices higher or choose 3 or 4 things for the caterpillar to eat for each meal.</p>
