

## **Tuesday 26.5.20**

### **Writing**

L.I. To write a haiku

Read the Lockdown Haiku powerpoint to explore the features of a haiku. Once you've done that, have a go at writing your own lockdown haiku. You can use the haiku writing frame to help you.

### **Numeracy**

#### **L.I. To identify the correct operations**

Read the real-life word problems sheet for your group. Can you work out which operation (+, -,  $\div$ ,  $\times$ ) you will have to do in order to solve the problem? You might have to use more than one!

### **Topic**

#### **L.I. To show what I know about Scotland**

Carefully go through the PowerPoint, answering the questions and exploring the links that are throughout. You can present your learning about Scotland's culture in any way you like; written in your green jotters, as a Sway or PowerPoint. You can decide! Good luck!
