

# Worth it

Draw something that is:

1. worth about £1000 that people keep outside

2. worth about £20 that people use in a kitchen

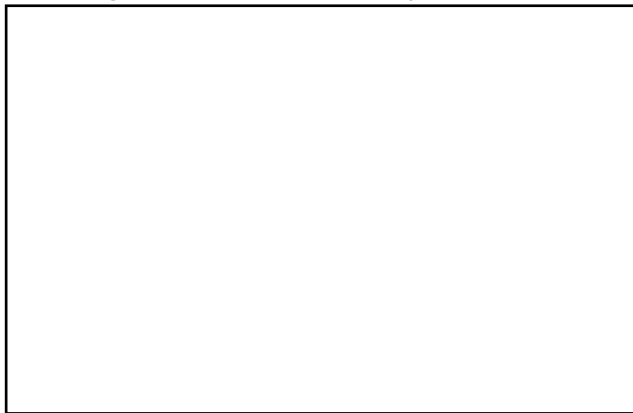

3. worth about £300 that people have in a living room

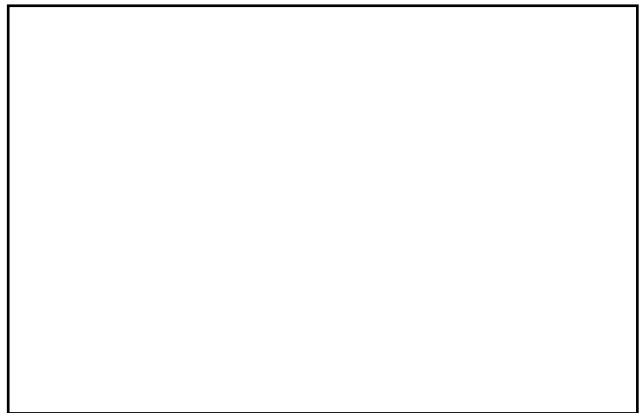

4. worth about £2 that people keep in the bathroom

5. worth about £150 that a person might take on holiday

6. worth about £80 that people might keep in a garage

7. Estimate the value of three other things in your home or classroom. Write your answers on the back of this sheet.

I can estimate the price of goods
