P2 Numeracy

(Thursday)

LI. We are learning to use different strategies to subtract. (revision)

Task 1 -

Complete the questions on the next page 'buying several' . Use coins or drawings of coins to help you.

When you have worked out all the answers. Say what groups of objects could you buy if you had £1.

Task 2

Draw a poster/ or leaflet for a shop. Tell your customers what the prices are.

Be creative! Maybe your leaflet is for a blacksmith for a Knight's Armoury. Is it a services rather than shop-

Helmet polishing?

What **merchants** would sell to people from a castle?
