

Bathgate Procession

Dinosaur Handprints

Since our 2020 Windyknowe float theme is Jurassic park, we have created a dinosaur activity to mark the Procession date.

This is an optional activity but it would be great to see as many children joining in as possible!

Create a dinosaur handprint:

- This can be a paint print of your hand or a drawing with pens or pencil – anything you choose!
- You can copy one from the idea page or create your own.

Display your image:

You can do both of these or choose one:

- Email a picture of your handprint to us and we will collate the images to make a collage of your lovely artwork to share.

Send images by Friday 5th June at 11am to:

P1: jenna.dowie@westlothian.org.uk

P2: arlene.white@westlothian.org.uk

P3 & P4: evelynstewart@icloud.com

P5 & P6: kirsti_riddell@hotmail.com

P7: linz.walker@hotmail.co.uk

Nursery: emma.douglas@westlothian.gov.uk

- Hang your handprint up at the School gates to create a colourful display – if you are doing this, please consider putting your handprint into a poly pocket/sandwich bag or something that will prevent the rain from damaging it!

Hip Hip Hooray!!

Can you copy one of these?

Or maybe you can create your own!

We can't wait to see your amazing creations!
