

# Outdoor Scavenger Hunt

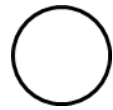

Each time you find an item on your hunt tick it off.

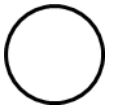

As evidence either take a photograph or draw the item if you can. Why not create your own scavenger hunt for a family member or friend. You could be more specific about where to find items, give street names, and use compass bearings. You could make up a riddle about the item to find.

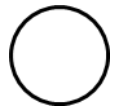

A red garage door

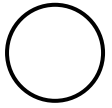

An item on sale

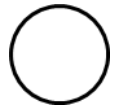

Form of water transportation

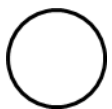

Door number between 50 and 99

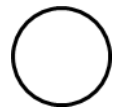

Leaf rubbing from a beech tree/hedge

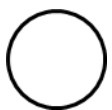

A street name which contains a compound word

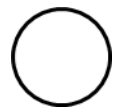

Something you can jump over or crawl under

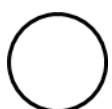

A tree in blossom

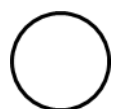

An arch

A brick rubbing from a historical building

A road traffic symbol

A young animal born in spring
