

Number recognition & ordering

Draw 5 gingerbread men or get an adult to help you. Label the gingerbread men from 1-5,

Now collect some items that can be used as buttons, this could be buttons/stones/small pompoms/pieces of paper cut up,

Now decorate your gingerbread man with the same amount of buttons/stones that he has been labelled with,

Now, can you put your gingerbread men in order from 1-5, (this can be extended by doing more gingerbread men).

Following on from our story this week..

Here are a few Gingerbread Man number activities.

Number recognition, (you will need 1 or 2 dice)

Draw a Gingerbread Man

Inside the Gingerbread Man put numbers 1-6 (if using 1 dice) or 1- 12 (if using 2 dice, to extend and challenge)

Roll the dice and whatever number the dice rolls on, find that number on the Gingerbread Man and colour it in.

Keep going until you have recognised and coloured in all the numbers.

**Run, Run as fast as you can,
you can't catch me I'm the
gingerbread man!**
