

Patterns of 1s and 2s

There are 17 people on a bus. Find the total number of people on the bus after people get on at each stop.

	People getting on	Total on bus
	1	18
	2	
	2	
	1	
	2	
	2	
	1	
	1	
	2	

I can say 1 and 2 more than a number
