

Tuesday 16th June

SPORTS DAY

LIVE ON TEAMS TODAY

11am – Tech Tuesday with Mr Kerr

Numeracy

L.I. To apply problem-solving skills

Continue to answer the clues to solve the mystery.

Algebros/Mathletes - Murder at the Movies

Ninjas/Magicians - Mystery at Dragonspire Castle

Writing

L.I. To create questions of my choice to suit a specific audience

Choose a sporting legend that you would like to interview and make up some interesting questions for them.

You may wish to include:

- how they got involved in their chosen sport
- why they decided to be an athlete
- what their training is/was like
- questions to help you find out what they are like as a person e.g. hobbies and interests outside of sport, family life, favourite films etc.

Remember to write these as QUESTIONS (don't forget your question mark!) and share them with your teacher.

Topic

L.I. To develop my research skills

History of the Olympic Games

Answer the following questions and design a poster to include what you have found. Some things you may wish to include:

- What is the symbol of the Olympic Games?
- Who designed the symbol?
- How were the ring colours chosen?
- Why are there five rings?
- Do the colours represent anything?
- What is the modern meaning of the Olympic symbol?
