

## Thursday 18<sup>th</sup> June

### LIVE ON TEAMS TODAY

\*11am – Thinking Thursday with Miss Norquoy\*

\*3pm – the next chapter of The Bolds to the Rescue\*

### Literacy

A P5 Grammar competition has started over on Sumdog! It will begin at 8.45am this morning, and you have until 8.45am tomorrow morning to score as many points as you can. The leaderboard will be posted on Friday

### Maths

L.I To plan and use a timetable

#### **Read the following instructions before logging into Active Learn.**

Within Active Learn, the following game has been allocated for you: SL Problem Solving – Mini-Olympics

You are in charge of planning a mini-Olympic Games in your nearest city. It will last two days and take place in five different locations: a lake, a swimming pool, a court, a sports field, and in an indoor sports hall.

First, find out which events take place in each location (click on a location)

Then, start to fill in the timetable for the two days of the mini Olympics. Click the 'i' button to remind yourself what events should take place at each location.

When you have decided, move the event into your timetable.

Once you're happy, click 'check' to see if you've organised your timetable well.

Things to think about: Can all events happen at the locations you've chosen?

What would you do differently if you played again?

### Tasks

<b>Maths Magicians/Number Ninjas</b>	<b>Mathletes</b>	<b>Algebros</b>
Plan a mini-Olympics using any 2 of the rules below	Plan a mini-Olympics using any 4 of the rules below	Plan a mini-Olympics using all 6 of the rules below

### Rules

1. The rowing and sailing events use the same sportsmen and women so cannot take place on the same day.
2. The horse jumping event must take place on a different day to the mountain biking event as the bikes scare the horses.
3. The swimming pool is only available in the afternoons.
4. The judo event must take place on Day 2 as the judo competitors are elsewhere on Day 1.
5. There is a shortage of lifeguards, so events cannot take place in the pool and the lake at the same time.
6. There should be six sporting events planned for each day.

### *Link Lizard Extension (optional)*

PE – explore different sports: the training needed to be an Olympic competitor, the skills needed for each sport

Social Studies – – investigate the origins of the Olympics

Social Studies – – find out about the different countries that compete and the locations where the games have taken place

Art / Technologies – create an alternative Olympic logo using ideas relevant to your school

## Rights Respecting Schools

### WINDYKNOWE PRIMARY SCHOOL RIGHTS RESPECTING SCHOOL WEEKLY CHALLENGE

Article 14 – Freedom of thought, belief and religion.

Every child has the right to think and believe what they choose and also to practise their religion, as long as they are not stopping other people from enjoying their rights. Governments must respect the rights and responsibilities of parents to guide their child as they grow up.

Activity 1

Thoughts and beliefs are usually really important to people. Write down or draw a picture of some things you believe in strongly.

Activity 2

Think of and draw a building that is important to you or make a sculpture of one of these buildings using things you can find around the house (old cereal boxes, empty toilet roll etc.). This could be a religious building like a church or a temple, or even a school or a library. Write a sentence or two about why this building is important to you.
