

Reflection task

- What have you learned during your time at home?
- Did you learn to do something new that you could not do before?

In nursery we always discuss our personal achievements and our own next steps in our learning.

At home, discuss with an adult some of the new things you have learned. Adults can you discuss the things you are proud of managing during these unprecedented times?

In your jotter or on a piece of paper– Can an adult please note down your child’s achievements as well as your own? Take a photo of this and post it on your child’s learning journal. We are looking forward to seeing all your wonderful achievements.
