

Welcome Peel Primary!

Explore further to find loads of
STEM fun!

Peel Primary's
BSW 2021!

- *What did you investigate today?*
- *What materials did you use?*
- *What would you do differently next time?*

5-14 March
British
Science
Week
2021

How to make water walk!

S.T.E.M.

Plan

Materials

Kitchen roll

Cups

food dye

water

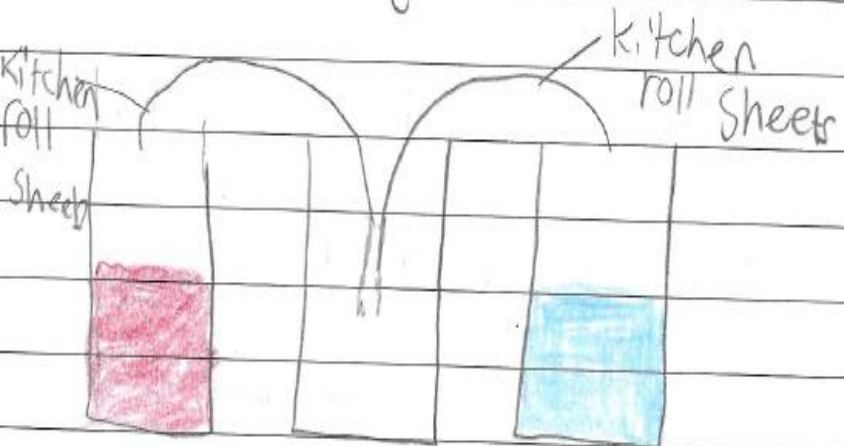

How to make water walk!

Method

Put water in half your cups then add in a drop of food dye, after that put the cups in order like red empty cup, yellow, empty cup and blue.

Now put pieces of kitchen roll into each cup like drawing below

Investigate!

Then watch the empty cups
fill up with the two colours
On each side of the empty cup
will mix together into the cup in
the middle

DI'S CAN try different materials
to see how the Ink transfers into
the cups

What material worked the best?
What materials did you try?

Afterwards ask yourself:

- Was my investigation successful?
- What did I do that wrong or right?
- What could of I have done better?

We hope you enjoy your challenge!

What material worked the best?
What materials did you try?
